UNSUNG HEROES

During **Black History Month**, we will be learning about important Black people from the past who helped shape the world we live in today.

But for our project, we are going to think about a different kind of hero...

Everyday heroes!

These are people who may not have superpowers, wear capes, or be famous—but they quietly help others and keep things running every day.

They could be someone like a nurse, a bus driver, a teacher, a cleaner, a shop worker... or even someone in your own family or community.
